

**MIDDLE BRANCH PARK** is made up of 150 acres of rolling parklands, which feature fishing piers, boat ramps, picnic areas and wetlands, and since 1987, the exquisite Baltimore Rowing Club and Water Resource Center. The view from Middle Branch Park is spectacular.

**REEDBIRD and CHERRY HILL PARKS** are made up of wide-open fields used by all manner of sports teams and age groups, and include the Cherry Hill Splash Park, which offers the public a chance to escape the summer heat at the city's large and refreshing park pool.

Your support can make a difference!  
Park Walk Middle Branch was developed and designed to protect and promote this vital waterfront while helping put the City of Baltimore and the surrounding communities back in touch with the beauty and care of the Middle Branch Harbor that is their home.

*Our goal is to pass on to our children and our children's children a world that is as good as, if not better than, the one we enjoy today.*

## FOR YOUR HEALTH

This facet of the program is the trail to better health through providing the highest quality health and medical information, guides to better medical access, and the ability to find the health care providers that can deliver the quality of service people need. You can check your prescriptions and ask questions. Get the answers you need to take the necessary action to get the results you want.

## FOR YOUR FITNESS

Personal fitness is a key component of a high quality of life. For Your Fitness will be a comprehensive guide to the people, places, and things that can help you become more fit. From home exercising to health clubs to walking, to swimming, there will be something for everybody. A fitness products catalogue is included, which supports parks and recreational areas with every purchase.

## FOR A GREENER ENVIRONMENT

Promoting sustainability and protecting the environment are primary goals of Park Walk Middle Branch. The objective is to meet the current environmental, social, and economic needs of the Middle Branch community and the City of Baltimore without compromising the ability of future generations to meet those needs as well. For a Greener Environment will contain action plans, guides on green employment and financial resources to meet sustainability and environmental goals.

## PARKS

*Parks are the common ground we all enjoy to relax, reflect, and recreate. They are central to the well-being of communities and people. Park Walk Middle Branch is part of a national initiative, Park Walk America, that leverages modern technology, the vast resources of the Internet and the billions of everyday dollars we spend, into better health, better fitness, and a better environment.*
